

Orlando FSDO FAAS Team presents:

# **Preflighting your Instrument Approaches- WINGS Flight Reviews and KLEE Tower Updates**

Rock will discuss how to 'Preflight' your instrument approaches. Be prepared to learn from a Master Flight Instructor as he reviews some steps that will lead you towards a more successful outcome to your flight.

Rich will show you how you can get your Flight Review through the WINGS Program without 'taking' a Flight Review. You're off to a good start by attending this seminar. Completing any phase of the FAA's WINGS program satisfies the requirement for a flight review. So not only will you complete a review of the most common weak areas that have led others to the accident site, but you end up with a flight review, as well!

Rick Crose, Leesburg Tower Manager, will have a lively discussion about of the latest changes taking place at the Leesburg International Airport, and talk about common mistakes as seen from the tower. Also, he will address the results of the user survey he conducted, and a "Not Just for Pilots" session with funny stories involving controllers and pilots.

Rock and Rich will lead the discussions, and attendee participation is encouraged.

**Directions:** The meeting will be held in the Leesburg Airport Administration building is across the street from Sunair Aviation.

## Event Details

**Thu, Mar 24, 2016 - 19:00 EDT**

**Leesburg Airport**

8807 Airport Blvd

Administration Bldg.

Leesburg, FL 34788
